

DevOps Engineer, Intern

We're the Engineering Operations team and our job is to make sure our developers have everything they need. We belong to IT, but we work closely with engineering on all aspects of software development – from storing code on GitHub, through creating environments for building (AWS, EKS, TeamCity), storing and processing artifacts (Artifactory) to the final signing of packages. For this, we use tools like Terraform, Ansible, Python, and others. Our team consists of DevOps and SRE specialists from Brno and the USA who are not afraid of any challenge.

Your Role:

Are you someone who wants to focus your career on cloud technologies? As a DevOps Engineer intern, you'll have a significant impact on the growth of our business through working on our AWS-oriented build infrastructure. We look for candidates who are competent and committed to the SolarWinds Mission and display exemplary attitude.

Your Impact:

- In this role, you will be able to learn about the AWS platform and its services like EKS, and ECR and how to manage them
- You will work with tools like GitHub, Terraform, FluxCD, Python, and Ansible
- Our team is working using GitOps and you will be learning the principles of IaC

Your Experience:

- The ability to communicate fluently in Czech and English is a must.
- Understanding of AWS services like EC2 and S3
- Understanding of SDLC and CI/CD principles
- Understanding of virtualization principles, VMware, Docker, Kubernetes
- Some experience with PowerShell or Python
- Willingness to work with both Linux and Windows environments.
- Agile with a collaborative, curious, and inventive mindset
- Drive to help others.

About internship at SolarWinds:

This position is part of our Global Internship Program, which gives chance to new talents show themselves and with our support improve and thrive. It is an on-site internship in Brno. The length is limited – for 3 months, from the 1st of July 2024 until the 30th of September 2024. This internship cannot be done remotely.

Our Values:

The ideal candidate thrives in an innovative, fast-paced environment and is collaborative, accountable, ready, and empathetic. We're looking for individuals who believe they can accomplish more as a team and create lasting growth for themselves and others. We hire based on attitude, competency, and commitment. SolarWinds is ready to advance our world-class solutions in a fast-paced environment and accept the challenge to lead with purpose. If you're looking to build your career with an exceptional team, you've come to the right place. Join SolarWinds and grow with us!
